**LUVLEE'S RESIDENTIAL CARE DBA NEW DAWN GROUP HOME FISCAL COMPLIANCE
ASSESSMENT AND CONTRACT COMPLIANCE REVIEW**

The Department of Children and Family Services (DCFS) Contracts Administration Division (CAD) conducted a Fiscal Compliance Assessment and Contract Compliance Review of Luvlee's Residential Care dba New Dawn Group Home (the Group Home) in January and February 2015. The Group Home has two sites, one in the Fifth Supervisorial District and one in San Bernardino County, providing services to the County of Los Angeles DCFS placed children and Non-Minor Dependents (NMDs) and children placed by other counties. According to the Group Home's Program Statement, its stated purpose is "to stabilize the child within the group home setting and to establish trust and security of knowing that they are cared for unconditionally."

The Group Home has two 6-bed sites licensed to serve a capacity of 12 children, boys ages 11 through 17. The Group Home also has the capacity to service Non-Minor Dependents ages 18 through 21. At the time of the review, the Group Home served 10 placed children and 2 placed NMDs. The placed children's overall average length of placement was seven months and their average age was 16.

SUMMARY

CAD conducted a Fiscal Compliance Assessment which included an agency-wide review of the Group Home's financial records such as financial statements, bank statements, check register and personnel files to determine their compliance with the terms, conditions and requirements of the Group Home Contract, the Auditor-Controller Contract Accounting and Administration Handbook (A-C Handbook) and other applicable federal, State and County regulations and guidelines.

Luvlee's Residential Care was in full compliance with 3 of 5 areas of the Fiscal Compliance Assessment: Financial Overview; Loans Advances and Investments; and Cash/Expenditures.

CAD noted deficiencies in the areas of: Board of Directors and Business Influence, related to a less-than-arms-length transaction for a leased property from the Executive Director; and Payroll and Personnel, related to missing a Fair Labor Standards Act status in a non-exempt employee's personnel file and missing employees' signatures on time cards.

"To Enrich Lives Through Effective and Caring Service"

During CAD's Contract Compliance Review, the interviewed children generally reported: feeling safe at the Group Home, having been provided with good care and appropriate services, being comfortable in their placement environment and treated with respect and dignity.

The Group Home was in full compliance with 8 of 10 areas of CAD's Contract Compliance Review: Maintenance of Required Documentation and Service Delivery, Education and Workforce Readiness, Health and Medical Needs, Psychotropic Medication, Personal Rights and Social/Emotional Well-Being, Personal Needs/Survival and Economic Well-Being, Discharged Children, and Personnel Records.

CAD noted deficiencies in the areas of: Licensure/Contract Requirements, related to a Special Incident Report (SIR) not being appropriately cross-reported and one Community Care Licensing (CCL) citation; and Facility and Environment, related to not maintaining common areas, expired canned goods and food not properly stored in the refrigerator.

Attached are the details of CAD's review.

REVIEW OF REPORT

On March 10, 2015 Sherry L. Rolls, DCFS CAD held an exit conference with the Group Home representative Sean Hardge, Executive Director. On April 14, 2015, Molly Sun, CAD held the Fiscal exit conference with the Group Home representatives: Sean Hardge, Executive Director and Program Administrator; and LaTasha Hardge, Assistant Executive Director. The Group Home representatives were in agreement with the review findings and recommendations, were receptive to implementing systematic changes to improve their compliance with regulatory standards and to address the noted deficiencies in a compliance Corrective Action Plan (CAP) and a Fiscal Corrective Action Plan (FCAP).

A copy of this compliance report has been sent to the A-C and CCL.

The Group Home provided the attached approved CAP and FCAP addressing the recommendations noted in this compliance report. CAD conducted a follow-up visit to the Group Home on June 30, 2015 and verified implementation of the Compliance CAP. The implementation of the FCAP will be assessed during the next Fiscal Compliance Assessment.

FISCAL COMPLIANCE ASSESSMENT REVIEW
FISCAL YEAR 2014 - 2015**

SCOPE OF REVIEW

The Fiscal Compliance Assessment included a review of Luvlee's Residential Care's (the Group Home's) financial records for the period of January 1, 2013 through December 31, 2013 and October 1, 2014 through December 31, 2014. CAD reviewed the financial records such as financial statements, bank statements, check register and personnel files to determine the Group Home's compliance with the terms, conditions and requirements of the Group Home contract, the Auditor-Controller Contract Accounting and Administration Handbook (A-C Handbook) and other applicable federal, State and County regulations and guidelines.

The on-site Fiscal Compliance Assessment review focused on five key areas of internal controls:

- Financial Overview,
- Loans, Advances and Investments,
- Board of Directors and Business Influence,
- Cash/Expenditures, and
- Payroll and Personnel.

The Group Home was in full compliance with 3 of 5 areas of the Fiscal Compliance Assessment: Financial Overview; Loans Advances and Investments; and Cash/Expenditures.

FISCAL COMPLIANCE

CAD found the following two areas out of compliance:

Board of Directors and Business Influence

- Less-than-arms-length transaction. The Group Home leases a property from the Executive Director for \$3,800 a month, which exceeded 1% of allowable limit based on the assessed value of the property obtained from the San Bernardino County Assessor's website.

The Group Home obtained a property appraisal by an independent licensed contractor. As of February 20, 2015 the property appraised value is \$390,000, and the rent is within the allowable limits established by the California Welfare and Institutions Code (WIC) Section 11462.06.

Recommendation:

The Group Home's management shall ensure that:

1. The Group Home complies with the California WIC Section 11462.06 (a) and applicable Office of Management and Budget (OMB) Circulars/Code of Federal regulations for related party lease transactions.

Payroll and Personnel

- One employee's personnel file did not include the Fair Labor Standards Act (FLSA) status.

The Group Home's Executive Assistant will ensure personnel files include current position, job descriptions, rate of pay and FLSA status information.

- Timecards were not signed by employees.

The Group Home's Executive Assistant will ensure that all time cards are signed by employees and approved by supervisors.

Recommendations:

The Group Home's management shall ensure that:

2. Personnel files include a completed FLSA status for all non-exempt employees.
3. Time cards are signed by employees and approved by managers.

NEXT FISCAL COMPLIANCE ASSESSMENT

The next Fiscal Compliance Assessment of the Group Home will be conducted in County Fiscal Year 2015-2016.

CONTRACT COMPLIANCE REVIEW
FISCAL YEAR 2014-2015**

SCOPE OF REVIEW

The following report is based on a "point in time" visit. This compliance report addresses findings noted during the January 2015 review. The purpose of this review was to assess Luvlee's Residential Care dba New Dawn Group Home's (the Group Home's) compliance with its County contract and State regulations and included a review of the Group Home's program statement as well as internal administrative policies and procedures. The compliance review covered the following 10 areas:

- Licensure/Contract Requirements,
- Facility and Environment,
- Maintenance of Required Documentation and Service Delivery,
- Education and Workforce Readiness,
- Health and Medical Needs,
- Psychotropic Medication,
- Personal Rights and Social/Emotional Well-Being,
- Personal Needs/Survival and Economic Well-Being,
- Discharged Children, and
- Personnel Records.

For the purpose of this review, five placed children were selected for the sample. The Contracts Administration Division (CAD) interviewed each child and reviewed their case files to assess the care and services they received. Additionally, three discharged children's files were reviewed to assess the Group Home's compliance with permanency efforts. At the time of the review, two placed children were prescribed psychotropic medication. Their case files were reviewed to assess for timeliness of Psychotropic Medication Authorizations and to confirm the required documentation of psychiatric monitoring.

CAD reviewed three Group Home staff files for compliance with Title 22 Regulations and County contract requirements and conducted site visits to assess the provision of quality of care and supervision.

CONTRACTUAL COMPLIANCE

CAD found the following areas out of compliance:

Licensure/Contract Requirements

- Special Incident Reports (SIRs) were not properly cross-reported.

A review of 12 SIRs revealed that one was not properly cross-reported to Community Care Licensing (CCL). Specifically, the incident occurred on April 29, 2014 and was not cross-reported to CCL.

LUVLEE'S RESIDENTIAL CARE DBA NEW DAWN GROUP HOME CONTRACT COMPLIANCE
REVIEW
PAGE 2

- CCL citation.

CCL cited the Group Home on October 27, 2014, as a result of a complaint received on August 2, 2013. CCL substantiated allegations of lack of supervision as one child behaved inappropriately sexually to another child. It was reported the incident occurred on July 24, 2013. CCL requested a Plan of Correction (POC), requiring the Group Home to revise the facility plan for intake, accepting, supervising, and retaining high risk children. This included children's pre-placement assessments; ongoing assessments; intake documentation; Needs and Services Plans; and supervision of placed children. In addition, the Group Home was to provide in-service training to all facility staff regarding the revised plan, and provide to CCL a copy of the plan and proof of training by the POC date. CCL approved the POC on October 30, 2014. This referral was investigated by Department of Children and Family Services (DCFS) Emergency Response (ER) DCFS Children's Social Worker (CSW) and the allegation of general neglect was inconclusive and allegation of sexual abuse was substantiated.

The Out-of-Home Care Investigations Section (OHCIS) began investigating Group Home allegations in November 2013. OHCIS did not conduct a supplementary investigation.

On December 11, 2014, the Group Home conducted staff training to discuss the CCL substantiated report, provide time-frames for incident reporting, cross-reporting, and protocols for staff during work hours. On June 30, 2015, CAD conducted a follow-up visit to the Group Home and reviewed eight SIRs for timeliness and proper cross-reporting. CAD found all eight SIRs to be in compliance.

Recommendations:

The Group Home's management shall ensure that:

1. SIRs are cross-reported to all appropriate parties.
2. The Group Home is in compliance with Title 22 regulations and free of CCL citations.

Facility and Environment

- A common area was not well maintained.

During a visit to site #2, CAD noted that the kitchen cabinets were missing knobs, were dirty and the paint was peeling on all the cabinet doors. During the review, CAD notified the Group Home staff of the condition in the kitchen. On January 27, 2015, CAD conducted a follow-up visit to the Group Home and noted the remodeled kitchen with new cabinets, new cabinet knobs, a new faucet and a new sink.

- Adequate perishable and non-perishable food were not maintained.

For Group Home sites #1 and #2, CAD noted that expired canned goods were found in the pantries, and perishable items were found in the refrigerator, past their expiration dates. Additionally, site #1 had items requiring refrigeration after opening stored in the pantry. The Group Home staff immediately discarded all expired canned goods and the food items that were not properly stored in the refrigerator.

On June 30, 2015, CAD conducted a follow-up visit and confirmed the Group Home's implementation of formal requests for maintenance of structural wear and tear as soon as such issues have been identified by the site manager or executive assistant. In addition, beginning in April 2015 the Group Home Education Specialist began conducting monthly visits to ensure perishables and non-perishables are discarded by the expiration date.

Recommendations:

The Group Home's management shall ensure that:

3. Common areas are well maintained.
4. Adequate perishable and non-perishable food is maintained.

PRIOR YEAR FOLLOW-UP FROM DCFS OUT-OF-HOME CARE MANAGEMENT DIVISION (OHCMD) GROUP HOME CONTRACT COMPLIANCE REVIEW

The OHCMD's last compliance report dated May 6, 2014, identified five recommendations.

Results:

- The exterior and the grounds of the Group Home are well maintained.
- Children's bedrooms are well maintained.
- Staff receives NSP training to ensure comprehensive initial NSPs, which include all required elements in accordance with the NSP template are developed and that all NSPs are reviewed by the Group Home's Administration.
- Staff receives NSP training to ensure comprehensive updated NSPs, which include all required elements in accordance with the NSP template are developed and that all NSPs are reviewed by the Group Home's Administration.

The Group Home did not fully implement 1 of 5 recommendations for which they were to ensure that:

- Adequate perishable and non-perishable food is maintained.

Recommendation:

The Group Home's management shall ensure that:

At the exit conference, the Group Home representatives expressed their desire to remain in compliance with all Title 22 Regulations and contract requirements and stated the Group Home will implement procedures to strive towards greater compliance. CAD conducted a follow-up visit on June 30, 2015 and noted that the Group Home had implemented 4 of 4 recommendations in this report. CAD will continue to assess implementation of the recommendations during the next compliance review. The OHCMD will provide ongoing support and technical assistance prior to the next review.

RE: AMENDED CORRECTIVE ACTION PLAN

Dear Sherry Rolls,

Luvlee's Residential Care, Inc. DBA: New Dawn is submitting the following Corrective Action Plan (CAP) for your review, based on the visit conducted February 24, 2015. It is our goal to ensure that New Dawn is providing quality services for the children in our care. The following individuals will ensure that New Dawn remains in compliance: Administrator, Executive Assistant, Education Specialist and Facility Manager.

Identified Recommendations:

I. LICENSURE/CONTRACT REQUIREMENTS

9. Is the group home free of any substantiated Community Care Licensing complaints on safety and/or physical plant deficiencies since the last review? (SAFETY).

Corrective Action Plan:

9. The meeting on December 11, 2014 was conducted in regards to the investigation, per recommendation for the CAP. During the course of the meeting we address how to ensure proper supervision by staff. Staff was instructed during the meeting that when residents are awake, staff should not be doing household chores during that time in order to ensure the proper supervision of the residents.

II. FACILITY AND ENVIRONMENT

11. Are common quarters well maintained? (Clean/sanitary; neat; adequate furniture and lighting; home-like environment, no safety hazards) (SAFETY).

14. Does the group home maintain adequate nutritious perishable and non-perishable foods and adhere to product "used or freeze by," "best by," "sell by," or expiration dates? (A minimum of a two day supply of perishables and a one week supply of non-perishables) (WELL-BEING)

Corrective Action Plan:

11. Prior to the review conducted by CAD, New Dawn was obtaining multiple quotes to re-face the kitchen cabinets. Three (3) different contractors went to our facility to assess the cabinets, and all recommended a kitchen remodel due to the years of wear and tear. New Dawn went with the best offer

that was provided. On January 27, 2015, CAD came back out to the facility and approved the remodel. Staff has been instructed to put in maintenance request for any structural wear and tear, in addition, executive assistant will visit the facilities at least every other month to conduct a thorough facility check.

14. New Dawn has assigned our Education Specialist to monitor the nutrition and physical activities of the residents in the home. She is also responsible for ensuring that food, perishables and non-perishables are being rotated. She will begin visiting each facility monthly to inventory food. This will allow the agency to purchase food based on need, nutrition and ensuring that items are not being store for an extended period of time. She has been provided an assessment tool to ensure compliance.

Sincerely,
